SUBJECT:- An appeal for justice.

Sir,

May I have the honour to place before you the following facts for your personal and sympa-thetic consideration.

I served in the Army for twenty-one years, five years of which, I served in a war theatre, without even a single day's leave.

My eldest son, Manoor, was an ardent member of the Congress -- from 1936. He was, therefore sentenced to jail in 1942. The starva-tion, he endured in the jail, resulted in T.B. of which he ultimately died in 1947.

My whole family and ancestors have at all times served the Indian Government with the most distinguished loyalty, and till death we will not diminish this loyalty of ours.

But unfortunately this Government does not reward such people.

1. As, I have a large family to support, and got a mengre pension of Rs. 6, only, I was advised to open a grinding mill. I accordingly forwarded an application on the 14th October 1946, to the Electrical Engineer, of the Amalgamated Electric Company, Belgaum for the grant Electric power. This application was forwarded through the Collector of Belgaum. I enclose herewith a copy of the same. 65-7

2. The Electric Company sent a reply, stating that my case was registered

registered for consideration, when the work of new connections start.

3. But I found that after my application, many new connections were made to persons who had more money than enough for their need. -- this I accordingly brought to the Collector's notice

4. He then recommended my case as a deserving one, which required priority.

But even these latter recommendations were completely ignored by the Company.

5. I appeal to your kind self to compel the Government to take such irresponsible Companies under its control, and make a strict -- investigation into its proceedings, regarding my case immediately.

6. This shows that no consideration whatsoever is shown to Ex-soldiers, for whom the Government is always said to give sympathetic preference and priority.

7. This undue delay on the part of the Electric Company, has caused me unknown inconvenience and a great deal of money, has been

Having placed before you the whole case, I most sincerely hope you will consider my case most sympathetically, and take strict and disciplinary action, as soon as possible against the Electric Company.

Sir,

No. 21284-Ex-Havildar (Now Pensioner) Sayyad Ismail of -- Belgaum has been applying to the District Soldiers' Board, -- Belgaum, and the Collector and President, of the Board, has been recommending his case to the Amalgamated Electricity Co. Ltd. -- Belgaum, since 1946, but the Company has been postponing the matter for one reason or the other. The Ex. Havildar contends that he has been given a loan from Government to run a grinding mill and needs electric power during day time and that though his -- application dated 14/10/1946 is not granted, subsequent applica--tions have been granted as can be seen from the office records of the Company. The applicant wants Electric Energy during day time as most of the customers are females who come to the grinding Mill but the Company desires to give electric energy at night, when no female customers are likely to come. Since this is a deserving -- case of an Ex-Serviceman, I would request you to kindly move the Company to grant the applicant's request as a special one.
